## Experience

### **FOUNDER, V1 PROTOTYPING; LOS ANGELES, CA – NOVEMBER 2016-PRESENT**

A hardware and software rapid prototyping firm that does app development, CAD modeling, mechanical engineering, and circuit design. Everything from photo sharing apps to IoT devices. I personally run the company, manage all projects, and act as lead software developer.

### **IOS DEVELOPER, H2 WELLNESS; LOS ANGELES, CA – APRIL 2016-PRESENT**

Worked on team doing a major refactor of the H2Fit platform with technologies including Objective-C, SQLite, RAC, and Push Notifications. Then I built from scratch the iOS version of the DFH thrive platform using Swift. I also enjoyed doing some rapid prototyping / proof of concept work.

### **APP DEVELOPER, CRAT.ES; LOS ANGELES, CA – JULY 2015-DECEMBER 2016**

Sole developer of Crat.es for iOS, a time delayed messaging app. Talks to our RESTful server-side API. Consisting of your basic social network features such as secure login / sign up / forgot password, compose and send messages, friends list, user profile, etc. Built with the latest Cocoa Touch technologies including Storyboards, CoreData, Push Notifications and Swift.

### **ENGINEERING ASSISTANT, KINETIC DIE CASTING; LOS ANGELES, CA – 2014-2016**

Developed sales and contact management software. Designed and implemented companywide document control system. Assisted in Aerospace Standard (AS9100) compliance. Wrote Standard Process documentation. Performed Quality Control inspections. Job quoting. CAD. Fixture setup and manual machining.

### **WEB MARKETING, SOLOMON SALTSMAN & JAMIESON – 2011-2013**

Managed multiple Pay Per Click ad campaigns. Designed, developed, and maintained custom websites (Wordpress, PHP). Search Engine Optimization and copy writing for blogs and social media.

## Education

**GLENDALE COMMUNITY COLLEGE, CA – 2010-2011**

**LOS ANGELES MISSION COLLEGE, CA – 2008-2011**

## Projects

### **THE PAPER PLATFORMER – 2010**

A small 2D game for iOS made in high school. No longer on the App Store.

### **THE TECH TROOP – 2009**

A tech news site created and run with friends.
